[Home](#) > Shanghai doctors study UK Healthcare system

20 November 2014

In November 2014 a group of Chinese clinicians and senior management staff visited the UK.

The delegation, from the Shanghai Songjiang District Health and Family Planning Commission, spent the first week undertaking an extensive training programme. To sublement the programme, Dods Training subsequently organised and facilitated a variety of meetings and visits with health practioners, hospitals and GP surgerys.

Programme highlights included guest speaker sessions delivered by experts from CCGs, NHS England, NHS Leadership Academy and PSA, a tour of Parliament and meeting with MP on health reform in the UK. Read the full [case study here](#). [1]
